

Digestive Enzymes Ultra with Betaine

HIGH-STRENGTH COMBINATION OF VEGETARIAN DIGESTIVE ENZYMES AND BETAINE HCL TO SUPPORT NUTRIENT DIGESTION

VEGETARIAN FORMULA

Pure Digestive Enzymes Ultra with Betaine is a combination of vegetarian digestive enzymes and betaine hydrochloride that helps to:

- Support overall digestion
- Promote enhanced digestion of proteins
- Support liver function

Good for those who need support with digestion.

The Research

Digestive Enzymes Ultra with Betaine contains an extensive profile of vegetarian digestive enzymes and betaine hydrochloride (HCl) to support favourable nutrient digestion. Optimal gastric pH is supported by betaine HCl, important for the enhanced digestion of nutrients to support daily wellness. Proteases included in this formula are active across a wide pH range. They facilitate the normal breakdown of proteins and di- and tri-peptides.¹ Lipase promotes lipid breakdown, while amylase and glucoamylase stimulate polysaccharide breakdown of starch and glycogen.² Invertase and lactase support digestion of carbohydrate disaccharides, including the dairy sugar lactose.³ This formula also offers cellulase, hemicellulase, beta-glucanase and phytase. These enzymes break down cell wall components and phytic acid, promoting nutrient bioavailability of fibre-containing foods.⁴ Additionally, alphagalactosidase promotes the breakdown of certain complex carbohydrates, such as raffinose and stachyose, found in some legumes, vegetables and grains before they can be metabolized by gas-producing bacteria in the colon.⁵

Formula

Adults: Take 2 capsules with or immediately before a meal, or as directed by a healthcare practitioner. Consult a healthcare practitioner for prolonged use.

Each capsule contains:

Enzyme Blend	195.5 mg
Providing:	
Alpha-Amylase (<i>Aspergillus flavus</i> var. <i>oryzae</i> , whole)	12000 FCC DU
Protease (<i>Aspergillus flavus</i> var. <i>oryzae</i> , whole)	30000 FCC HUT
Protease 6.0 (<i>Aspergillus flavus</i> var. <i>oryzae</i> , whole)	10000 FCC HUT
Glucoamylase (<i>Aspergillus niger</i> , whole)	15 FCC AGU
Lactase (<i>Aspergillus flavus</i> var. <i>oryzae</i> , whole)	800 FCC ALU
Triacylglycerol Lipase (<i>Candida rugosa</i> , whole)	3750 FCC LU/1500 FIP
Beta-Glucanase (<i>Trichoderma longibrachiatum</i> , whole)	10 FCC BGU
Invertase (<i>Saccharomyces cerevisiae</i> , whole)	450 FCC SU
Cellulase (<i>Trichoderma longibrachiatum</i> , whole)	400 FCC CU
Alpha-Galactosidase (<i>Aspergillus niger</i> , whole)	60 FCC GalU
Protease 3.0 (<i>Aspergillus niger</i> , whole)	10 FCC SAPU
Phytase (<i>Aspergillus niger</i> , whole)	5 FCC FTU
Hemicellulase (<i>Aspergillus niger</i> , whole)	100 FCC HCU
Betaine Hydrochloride	250 mg

Non-Medicinal Ingredients: Vegetarian capsule (hypromellose, water), hypoallergenic plant cellulose
