

ANTIOXIDANT SUPPORT

Liposomal Glutathione

SUPPORTS ANTIOXIDANT DEFENCES IN AN INNOVATIVE LIPOSOMAL FORM

SIMPLE ONCE-DAILY FORMAT

Liposomal Glutathione is an antioxidant formula designed to protect and support cellular function. Glutathione is one of the main endogenous antioxidants, acting in the body to recycle other antioxidants and protect the body from free radicals.

- Offers 375 mg of BioGlute™ Blend per capsule including 250 mg of Setria® L-glutathione and 93.75 mg of phosphatidylcholine
- Protects the body from free radicals to support cellular function and homeostasis
- Purified phosphatidylcholine delivery system offers natural liposomal formation
- Liposomal form protects glutathione integrity during digestion

The Research

Liposomal Glutathione is an antioxidant formula designed to protect and support cellular function.¹ Glutathione is a key component of the antioxidant system, which protects the body from free radicals at the cellular level.² It is found in virtually every cell of the body and plays a critical role in supporting cellular function and homeostasis.^{2,3} Optimal levels of glutathione have been associated with the maintenance of good health. The highest concentration of glutathione is found in the liver, where it offers antioxidant support for liver tissue protection and p450 phase II conjugation pathways, a possible source of reactive oxygen species.^{4,5} This formula features a purified phosphatidylcholine delivery system, which offers natural liposomal formation due to the hydrophobic and hydrophilic nature of phospholipids. This liposomal form protects glutathione bonds from the degradation that can occur in digestion.⁶

Formula

Adults: Take 1 capsule 1-2 times daily with meals, or as directed by a healthcare practitioner. Consult a healthcare practitioner for use beyond 8 weeks.

Each softgel capsule contains

| | |
|-----------------------|-----------------|
| BioGlute™ Blend | 375 mg |
| Providing: | |
| Setria® L-Glutathione | 250 mg |
| Phosphatidylcholine | 93.75 mg |

Non-medicinal ingredients: Gelatin capsule (gelatin, glycerin, calcium carbonate, water), extra virgin olive oil, beeswax.

Contains: Soy

| Liposomal Glutathione | Quantity | Order Code | NPN | UPC |
|-----------------------|----------|------------|----------|--------------|
| | 30 | LSG3C-C | 80049908 | 766298025599 |
| | 60 | LSG6C-C | 80049908 | 766298114972 |

Protect against damage from free radicals with 1-2 capsules daily.
